

# MICRO *timeline*

## *notes*

To capitalize on time, make sure to come ready to go!

If you're planning a seaplane departure, you'll need to start your grand exit at least an hour prior to sunset.

If we need to adjust your venue open/close time to accommodate the Seaplane, please let us know.

Because of the shorter time on site, you may want to opt for first look photos at a different location.

Vendors, family, friends etc. are not permitted early access.

To avoid additional fees, please make sure everyone is aware of your venue start/stop time.

The cocktail hour is a great time to sneak away to the Bridal Retreat & make it official!
